"Amazing isn't it, how some people see a basket half empty and others see it half full. Some see life hopeless, others hopeful. Even when things are less than perfect, if you can think of the good, the beautiful, the hopeful, you'll be more than sustained..... you'll conquer."

"Live you life as you would climb a mountain. An occasional glance toward the summit keeps the goal in mind, but many beautiful scenes are to be observed from each new vantage point. Climb slowly, steadily, enjoying each passing moment, and the view from the summit will serve as a fitting climax for the journey."
